

## Legal Permission Form for Athletic Participation

I am the parent/legal guardian of \_\_\_\_\_. By signing this statement, I am requesting that my child be permitted to participate and am granting my permission for his/her participation in any athletic activities for the \_\_\_\_\_ school year.

I understand and acknowledge the following about athletic activities:

1. I understand that while involved in athletic-related school programs, my child is to obey all the rules and regulations of GWA. I further understand that he/she is to respect and obey the school officials and adult chaperones who will be involved in the activities with him/her.
2. I acknowledge that my child must have a physical exam, performed by a licensed physician or licensed Nurse Practitioner or a Physician's Assistant provided this person has been delegated that task by an M.D. or D.O., and the findings thereof reported on the official school sports physical examination form. A physical exam is valid for one year. High school students (9-12) may fall under the following GHSA exception: Any physical examination taken on or after April 1<sup>st</sup> in the preceding year will be accepted for the entire next GHSA school year.
3. I acknowledge that I have asked my child to assist the school officials and chaperones involved by immediately informing them of any situation which arises during the activity which may cause injury or present danger to any participant.
4. I give permission for the school official and/or chaperone involved in the activity with my child to seek medical aid and attention for my child such as aid or attention is necessary, at the sole discretion of the school official or chaperone involved. In case of medical emergency and when I cannot be immediately reached by telephone or otherwise, I give permission for the physician selected by the school officials to hospitalize secure proper treatment for and to order injections, anesthesia or surgery for my child named above.
5. I understand and agree that my child shall be permitted to ride in a GWA official education vehicle or in a private automobile driven by an adult while he/she is involved in the activity. I agree that my child may stay overnight in a motel or other such accommodations with adult supervision during the course of the activity when such accommodations are necessary for the activity and parents are notified of such arrangements.
6. I acknowledge that as parent/guardian, I am responsible for all payments of medical coverage for injury.

I have examined the student named on this form and completed the preparticipation physical evaluation. The athlete does not have apparent clinical contraindications to practice and can participate in the sport(s) as outlined on this form. A copy of the physical examination findings are on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the medical eligibility until the problem is resolved and the potential consequences are completely explained to the athlete (and parents or guardians).

# Georgia High School Association Student/Parent Concussion Awareness Form

SCHOOL: \_\_\_\_\_

## DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor “ding” to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

## COMMON SIGNS AND SYMPTOMS OF CONCUSSION

- Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness
- Nausea or vomiting
- Blurred vision, sensitivity to light and sounds
- Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments
- Unexplained changes in behavior and personality
- Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

**BY-LAW 2.68: GHSA CONCUSSION POLICY:** In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

*By signing this concussion form, I give \_\_\_\_\_ High School permission to transfer this concussion form to the other sports that my child may play. I am aware of the dangers of concussion and this signed concussion form will represent myself and my child during the 2019-2020 school year. This form will be stored with the athletic physical form and other accompanying forms required by the \_\_\_\_\_ School System.*
