

Student Council Information

The role of the George Walton Academy Student Council is to promote the interests of the school and encourage the involvement of students in the affairs of the school, in cooperation with the administration, student life department, teachers, and parents. The Student Council as an organization seeks to build responsible leaders within our school community and to promote interest in school-wide activities. **In order to run for a position on the student council, students must meet the following qualifications:**

- Students must obtain a teacher recommendation (form found on the Student Council web page). Teachers may email their recommendations to ajackson@gwa.com or drop them off in my mailbox.
- Students must have received and returned a contract for the next academic school year.
- Students must have an overall B average (3.0).
- Students must be in good standing with all faculty members.
- All financial obligations to George Walton Academy must be current.

Before you decide to run for office there are a few things you need to consider:

1. Am I in “good standing” with GWA as outlined above?
2. Do I have the time to commit to the desired office? Can I make the student council a top priority?
3. Am I flexible about meeting times? Can I meet before school, during break or lunch, or in the evenings?
4. What are the qualifications needed to successfully fill this position? Is it right for me?

If you have answered “yes” to all of these questions, please read the following regarding election procedures:
